

# Hena Kless

## SENIOR SOLUTIONS ENGINEER

### 01 / PROFILE

Senior Solutions Engineer with 6+ years turning complex enterprise requirements into secure, commercially viable solutions - from discovery and architecture through Proofs of Value, security review, and expansion. Background in cybersecurity, supporting enterprise customers, regulated industries, critical and national infrastructure and governments across EMEA.

### 02 / EXPERIENCE

#### WIRE

Munich, Germany

##### Senior Solutions Engineer

Jan 2026 – Present

- Lead technical pre-sales for large-enterprise and public-sector accounts — German federal government (incl. Bundestag), Schwarz Gruppe, large enterprises, defense and critical-infrastructure organizations — from C-level discovery, security review, to architecture, rollout and expansion; channel customer feedback to Product, Marketing and Engineering.
- Scope customer-specific use cases and build tailored demos, structured Proofs-of-Values with measurable success criteria and business outcomes, test environments, and JSON workflow automations to speed technical validation.
- Act as the primary resource for customers for security and compliance consulting — encryption, threat vectors, business continuity management, NIS2, GDPR, DORA — leading technical due diligence for regulated and sovereign customers.
- Drive sales and partner enablement across the Wire portfolio, including video product demos and AI-assisted workflows.

#### LASTPASS

Munich, Germany

##### Senior Solutions Consultant

Apr 2024 – Dec 2025

##### Solutions Consultant

Sep 2022 – Mar 2024

##### Community Manager Germany (additional role)

Jan 2025 – Dec 2025

- Ran enterprise pre-sales through demos, security reviews, and outcome-based Proofs-of-Values for enterprises like Adidas, Red Bull, and Signa Group; contributed €542K ARR in 2024 with 235% YoY growth across EMEA.
- Guided global enterprise customers through an internal security incident by consolidating technical questions, consulting on risk, and coordinating across Security and leadership — ultimately clearing the path to ensured trust and global rollouts.
- Scaled enablement through hands-on customer, distributor and MSP workshops, trainings and supported REST API integration of the platform into their cloud-marketplace offering, extending reach through the channel.
- Provided thought leadership at 35+ conference talks and online webinars and through multi language video content.

#### LOMBEGO SYSTEMS

Weimar, Germany

##### Solution Consultant

Oct 2019 – Sep 2022

##### Project Management Assistant

Dec 2017 – Sep 2019

- Delivered pre-sales consultation, tailored training, and international support for organisations like the European Space Agency.

#### GLOBAL TECHNOLOGY INDUSTRY ASSOCIATION (GTIA)

Germany

##### Executive Council Member

Aug 2025 - Present

- Contribute to regional programming and practitioner exchange across the technology channel.
- Co-Chair of the regional Cybersecurity Interest group, hosting onsite and online events.

#### PRESALES & PRETZELS

Munich, Germany

##### Organizer

Jun 2025 - Present

- Organize monthly events and peer exchange for PreSales professionals in Munich.
